ASIP 2018 ANNUAL MEETING CME Application Workbook

INSTRUCTIONS:

This **ASIP 2018 Annual Meeting CME Workbook** has been provided to assist you in tracking your attendance and evaluation as to whether the scientific sessions that are eligible for **30.5 AMA PRA Category 1 Credit(s)**[™] meet the educational goals of the ASIP 2018 Annual Meeting.

At the conclusion of the meeting, **please use your notes in the CME Workbook to complete the ONLINE CME APPLICATION**, which can be accessed at:

https://asip.memberclicks.net/index.php?option=com_mc&view=mc&mcid=form_253608

In order to receive CME credit, you must answer ALL questions in the online application. The application **MUST** be completed in one session since your answers will not be saved until you click "SUBMIT" at the bottom of the online application. All comments are optional.

- Please evaluate each session as to how successfully it met the stated educational objectives. If you did not attend a particular session, select "0" hours attended and "Did not attend" as the evaluation in the second column.
- The deadline to submit your online CME application is **June 1, 2018**.

APPLICATION FEES:

- **ASIP members in good standing: There is no fee to apply for CME credit however; you must register** https://asip.memberclicks.net/index.php?option=com_mc&view=mc&mcid=form_251260
- Non-members: There is a \$100 CME application fee. Please select one of the 3 options below:
 1. Apply for ASIP membership. Please click on the following link: <http://www.asip.org/apply/categories.cfm> to read about the ASIP membership categories and then complete the appropriate membership application prior to submitting your CME application form. You will be notified as soon as your application has been reviewed and accepted.
 2. Submit your CME fee online. Please click on the following link to register and pay: https://asip.memberclicks.net/index.php?option=com_mc&view=mc&mcid=form_251260
 3. Submit your \$100 fee by completing a PDF of the CME Payment Form. Please navigate to the ASIP meeting website and click on the following link <http://asip18.asip.org/> and click on the "CME" tab. Please return your completed form to the ASIP Education Office as per the instructions on the form.

ACCME Accreditation Statement: This activity (“American Society for Investigative Pathology [ASIP] 2018 Annual Meeting”) has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society for Clinical Pathology (ASCP) and the American Society for Investigative Pathology (ASIP) The ASCP is accredited by the ACCME to provide continuing medical education for physicians.

The ASCP designates this “live” educational activity (ASIP 2018 Annual Meeting) for a maximum of 30.5 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Educational Objective/Target Audience: The objective of the ASIP 2018 Annual Meeting is to increase basic and applied pathology knowledge, focusing on pathogenesis of disease. The ASIP 2018 Annual Meeting is designed to meet the participants' education needs in the physician competency area of Medical Knowledge, as defined by the Accreditation Council for Graduate Medical Education (ACGME) and the American Board of Medical Specialties (ABMS), and to support participants' lifelong learning towards a goal of promoting patient safety and improving patient care and is specifically targeted to graduate and medical students, pathology residents, post-doctoral fellows, research scientists, clinical practitioners, laboratory professionals, and medical education professionals.

At the completion of the ASIP 2018 Annual Meeting, participants should be able to:

1. Discuss the research underway and/or the current topics relevant to their areas of interest in pathology;
2. Demonstrate a gained level of knowledge of the methods and techniques being used by researchers and practitioners in the field;
3. Utilize information and data that lead to improvements in human health.

Disclosure of Financial Relationships and Resolution of Conflicts of Interest: In order to ensure balance, independence, objectivity and scientific rigor in all its educational activities, and in accordance with ACCME Standards, the ASCP requires that all individuals in a position to influence and/or control the content of ASCP CME activities disclose to the ASCP and subsequently to learners whether they do or do not have any relevant financial relationships with proprietary entities producing health care goods or services that are discussed in CME activities. Faculty are asked to use generic names in any discussion of therapeutic options, to base patient care recommendations on scientific evidence and to base information regarding commercial products/services on scientific methods generally accepted by the medical community. All ASCP CME activities are evaluated by participants for the presence of any commercial bias and thus input is used to subsequent CME planning decisions. The primary purpose of this "live" CME activity is educational and the comments, opinions, and/or recommendations expressed by the faculty or authors are their own and not those of ASCP or ASIP.

The Planning Committee members and staff of this CME activity have been asked to disclose any relationships that could be perceived by some as a real or apparent conflict of interest. The Staff have no relevant financial relationships with commercial interests to disclose.

The following members of the Planning Committee have disclosed a relationship and have affirmed that they do not consider this relationship to have influence over his/her participation; the disclosures have been reviewed and conflicts of interest resolved or managed.

Sessions Eligible for CME: Please note that the only Society educational component of Experimental Biology 2018 that is eligible for CME credit is the ASIP 2018 Annual Meeting.

This ASIP 2018 Annual Meeting CME Workbook includes a consolidated list of ASIP scientific sessions that are eligible for AMA PRA Category 1 Credit(s)[™]. The ASIP 2018 Annual Meeting CME Workbook will be available online on the ASIP Meeting website (<http://asip18.asip.org/>) beginning April 9, 2018 and onsite in the ASIP Office and the Experimental Biology Meeting Management Office located in the San Diego Convention Center. In addition, signage outside of the ASIP meeting rooms will designate those educational sessions that are eligible for AMA PRA Category 1 Credit(s)[™] as indicated by the word “CME.”

Please note that some ASIP scientific sessions are not eligible for *AMA PRA Category 1 Credit(s)*[™] because faculty disclosures of financial relationships with commercial interests could not be resolved or managed. Please also be aware that visiting exhibits and posters in the exhibit hall is not an approved continuing medical education activity because of ACCME standards that are designed to prevent commercial bias.

How to Apply for CME Credit:

CME Application Forms can be found on the ASIP Meeting website (<http://asip18.asip.org/>) beginning April 9, 2018. Applications for CME credit must be submitted online no later than **June 1, 2018**. You will receive your CME certificate within two weeks of successful submission of your online application. If you have questions concerning your CME application (or do not receive your certificate within the timeframe explained above), contact the ASIP Education Office by phone (240) 283-9712, email cme@asip.org or write to ASIP Education Office, 1801 Rockville Pike, Suite 350, Rockville, MD 20852.

II. Overall Meeting Evaluation

My objective(s) for attending this meeting included: (check all that apply)

- Discuss the research underway and/or the current topics relevant to my area(s) of interest in pathology
- Demonstrate a gained level of knowledge of the methods and techniques used by researchers and practitioners in their fields
- Utilize information and data that lead to improvements in human health
- CME credits

My objectives were fulfilled Yes No
